

Move Cars Easier. In One Place.

Who we are

Super Dispatch is the only industry-neutral auto transport platform built to help carriers, shippers, and brokers move cars easier with best-in-class technology. Built by auto transport professionals, Super Dispatch strives to understand the needs of our industry and ensure that we are building the solution to make their lives easier.

What we do

Super Dispatch connects shippers, brokers, and carriers with a trusted platform that makes moving cars simple with a single platform equipped with everything you need to move cars, in one place. We help businesses of all sizes get the job done efficiently so they can focus on what they do best: moving cars fast.

The Super Dispatch platform is equipped with...

- Shipper TMS
- Carrier TMS
- Super Loadboard
- SuperPay
- Integrations
- Driver App

Why customers love us

Industry Neutral: We don't compete with our customers, we empower them.

Marketplace Built on Trust: From vendor vetting to compliance requirements, trust is our top priority.

Growth Driven: Your growth is just as important to us as our own. Which is why we constantly evolve our technology to meet your needs.
